- Between 10 and 12 October, 72 tanks and SP guns were unloaded at the Cottbus freight yard. The shipments came from Lohsa.<sup>2</sup>
- 3. On 13 October, a shipment consisting of 2 cars with crates about 12 meters long and 3 meters high containing aircraft parts was observed at the Cottbus freight yard. The shipment came from Frankfurt/Oder and proceeded to Boehlen.3

- Comment. The shipments probably belonged to components of the 9th Recz Div. However, as the 80th Gds Hv Tank SP Regt of this division is stationed in Spremberg, it appears unusual that source observed the unloading of SP guns at the Cotthus railroad station. The Lohsa railroad station is situated on the Hoyerswerda-Horka railroad line. Although the entraining of troops from the Teisswasser troop training grounds at the Lohsa railroad station had not been observed, it is believed to be possible.
- 25X1 3. Comment. This shipment is reported for the first time. It probably was redispatched from Boehlen to Altenburg which is the home station of an unidentified fighter regiment.
